LTFT

****CCT date will automatically be extended****

If wanting to work 80% without extending CCT date you **MUST** make this explicit and have it documented in your educational supervisor meeting and state how you will achieve competencies in less time
Contact Tim or Abi for more info

Recruitment for 2022

Aiming for 8 x ST1 posts
1 x ST4 post
4 x GRID posts

Currently there are 5 trainees out of programme with 12 on maternity leave (although a brief overlap of 16 on mat leave!)

Study Leave

£20,000 of study budget spent
- keep submitting those receipts!

Due to an issue with Turas website earlier this year, some study leave requests were not submitted until after the event. TPDs are escalating this issue to see if these requests can still be approved.

A Note from our TPDs: Laura and Ailsa

Laura and Ailsa would like to thank everyone for their hard work over an ongoing difficult period to provide good quality paediatric care. They acknowledge the unprecedented pressure placed upon paediatric services at present. Please continue to support each other as well as we do and appreciate that some trainees have not been able to see family through the COVID period.

They send many congratulations to those trainees who have CCT'ed or are CCT'ing in the near future!

Remember if struggling to achieve **SPA** time please feedback to us!

Total Trainee numbers not expected to change with Shape of Training

PAFTA WINNERS

Junior: Bryony Howard

Senior: Ana Cockburn

**Educational Supervisor:
Laura Jones**

International Medical Graduate paediatricians!

Support with free courses and
events for IMGs to support

**Let Laura or Ailsa know if you
are having any acute issues**

Support Around Death

<http://www.sad.scot.nhs.uk>

This **NHS Education for Scotland** website aims to support health and social care staff who are working with patients, carers and families before, at, and after death. It provides key information on the clinical, legislative, and practical issues involved.

Merry Christmas!
